## *Introducing* **Roman Stone**

# THE LOOK OF NATURAL STONE WITH LIMITLESS VERSATILITY.

With its antique weathered appearance Roman Stone is the most versatile concrete landscape component on the market.

### **Designed to Create:**

- Fire Places
- Planters
- Seat Walls
- Garden Walls
- Fire Pits
- Fountains
- Raised Patios
- Pillars
- Curb Edging
- Grill Enclosures
- Stair Treads and Risers
- Landscape Retaining Walls

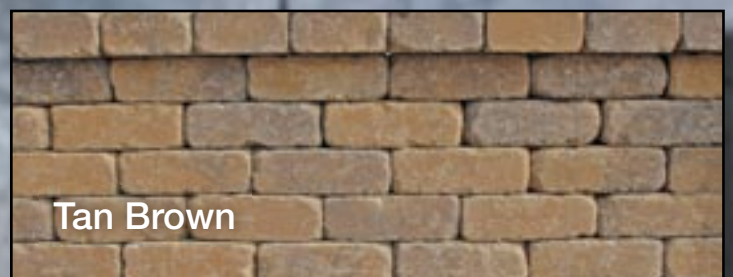

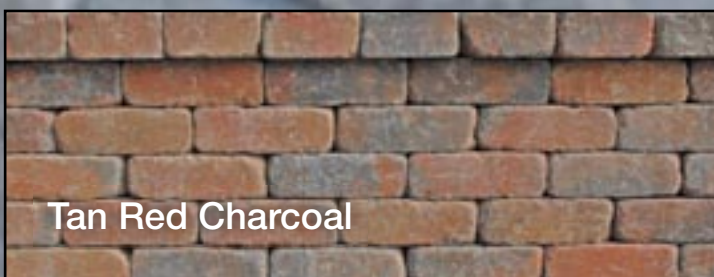

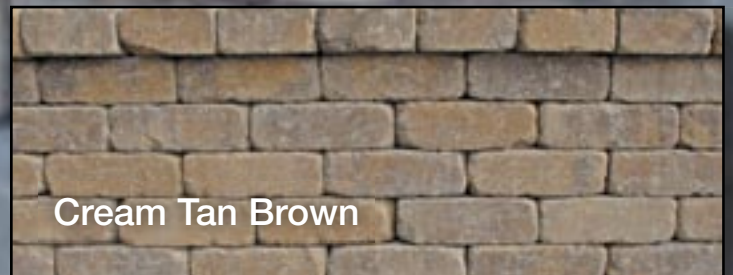

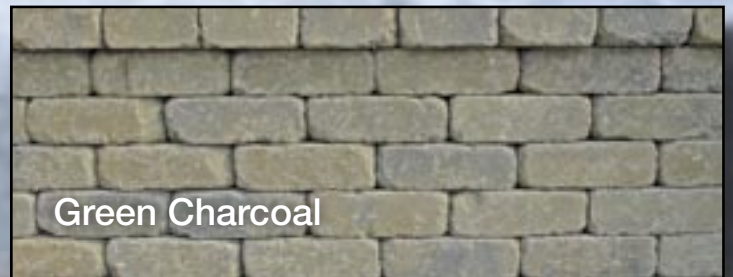

*Standard*  
Width: 200mm (8")  
Length: 300mm (12")  
Height: 100mm (4")

- Weight approx 28 pounds
- 96 units per pallet
- 2688 pounds per pallet
- 66.36 linear feet per pallet
- 32 Face feet per pallet

The antiqued weathered appearance of Roman Stone is a great alternative to expensive natural stone products.

*The Roman Stone colors compliment the colors of our stock paving stone line.*
